

Our wines from Erigon edition are named after the ancient name of the river Crna (Black) which passes through our vineyards and is just a few steps away from the winery. The river Crna has a strong influence in creating a special microclimate conditions in the vineyards allowing hot, dry and windy weather which contributes to healthy grapes with perfect ripeness, intensity of color and aromas.

The vineyards are spread in the most famous and best wine region in Macedonia, Tikves, on the rolling hills with an altitude of 150 to 600 meters and ideal soil rich in sandy-stone structures, clay particles and moderate humus content. This enables ideal ripening of the grapes, development of discreet minerality, intensive aromas of the wines and their special delicate tannin structure.

Erigon

CUVÉE

VINTAGE 2021

Erigon Cuvee wine is an expression of the best selected grapes from our vineyards spread around the winery in Tikves Wine region, processed into perfect blend that brings excellence to the front and age worthiness at the end. In between you will find the rich structure, full body red wine with complex aromas from the grapes and elegance from the French oak barrel ageing of a minimum of 12 months.
